### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Hoyt A. Fleming III (Reg. No. 41,752) on May 11, 2006.

The application has been amended as follows:

In claim 1:

At line 7, add -a- in front of the first occurrence of the term 'first data';

At line 8, replace the term 'the ID' with -an ID-;

At line 12, add -a- in front of the first occurrence of the term 'second data';

At line 21, replace the term 'the magnitude' with -a magnitude-;

At line 22, replace the term 'the magnitude' with -a magnitude-.

2. The following is an examiner's statement of reasons for allowance: the prior art of record, taken alone and/or in combination with other does not teach or fairly suggest a method of merging a first data stream with a second data stream to generate a third data stream by receiving a packets from the first data stream and the second data stream; storing a first data in packet ID arrival registers where a first portion of the first data indicating that the first packet ID is equal to an ID associated with a first of the plurality of the packet ID arrival registers and a second portion of the first data indicating that the first packet ID is not equal to an ID associated with a

second of the plurality of the packet ID arrival registers; calculating a first autocorrelation vector that is indicative of the arrival rate of incoming packet in the first data stream; calculating a second autocorrelation vector that is indicative of the arrival rate of incoming packets in the second data stream and including the first packet in the third data stream, based upon a comparison of a magnitude of the first autocorrelation vector and the magnitude of the second autocorrelation vector, in combination with other recited limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
